

Paycor Empowers Maverick Boys & Girls Club to Focus on Their Mission

Summer McCampbell, Compliance Director

“If people just knew how many hours I was spending on manual processes. Now I can focus on other areas of the business. *Paycor has changed my life!*”

Prior to Paycor

Maverick Boys & Girls Club provides services to at-risk youth at its seven Amarillo, Tex. Locations. **Before Paycor, they struggled with outdated, manual processes, using handwritten timesheets and paper forms.** Compliance Director, Summer McCampbell, had to manually submit payroll and 401(k) reports, and hiring and terminating was inefficient. **The organization needed a more effective, accurate, and streamlined system to handle their payroll and HR needs.**

Partnership with Paycor

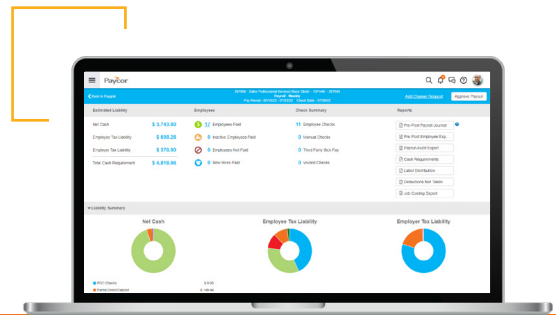

The two main considerations for a new provider were cost and smooth implementation. When weighing those two elements plus looking at customer service reviews, Paycor rose to the top of the list. **Maverick experienced a seamless transition to a modern, web-based platform with user-friendly software, an efficient implementation process, and exceptional customer service,** allowing them to save time and focus on other important aspects of their mission.

Challenges

- Outdated manual processes
- Inaccurate timekeeping
- Time-consuming HR tasks
- Limited budget

Solutions & Key Features

- Accurate timekeeping system
- Easy-to-use HR platform
- Efficient onboarding process
- Cost-effective solution

Reduced to
1 Hour

Maverick Boys & Girls Club reduced time spent on payroll processing from 10-12 hours to just one hour.

Timekeeping Transformation

Maverick Boys & Girls Club benefited from Paycor's Time solution, which replaced handwritten timesheets with an accurate, digital system. **This not only ensured timekeeping accuracy but also enabled the organization to more closely monitor staff time to maintain accountability.**

Smooth Implementation

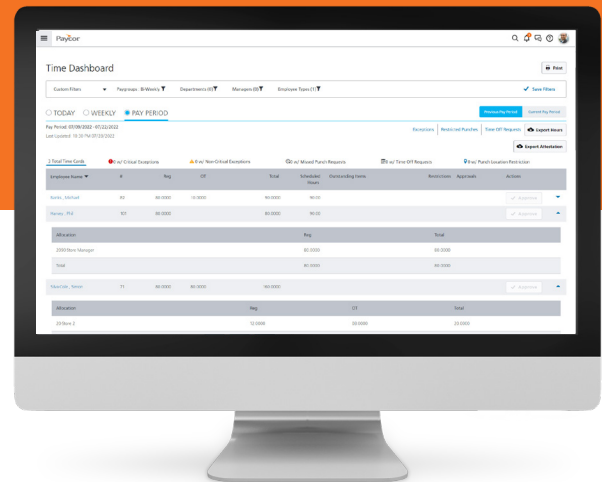

With seven locations across Amarillo, Summer was concerned that implementing Paycor would be a difficult process. **Her implementation team was very clear on timeframes for each segment, providing a calendar with deadlines and action items for each step.**

Efficient 401(k) Reporting

Paycor's 401(k) reporting feature has made submitting bi-weekly reports to their retirement account provider more efficient. **This has significantly improved the organization's workflow, saving valuable time and resources.**

Needing to get away from manual, paper-based systems, Maverick Boys & Girls Club moved to Paycor.

• Payroll • HR • Time

“Having very clearly defined deadlines for each stage of the implementation process helped me know what to prioritize.”

– Summer McCampbell
