Ventana Research highlights the strength of Sage Network along with our AI strategy and ... "recommends that financial executives considering a new ERP system include Sage's software in that evaluation"

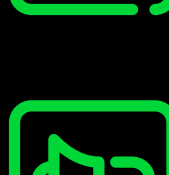

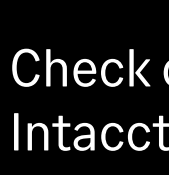

VENTANA RESEARCH

Our modern, true cloud solution, with open APIs, gives organizations the connectivity, visibility and efficiency they need to drive performance.

## The right partner.

Your mission is our success. While many organizations say they're customer-focused, it's in our core values to do right by our customers. Our Customer-for-Life program delivers continuous guidance beyond implementation through your dedicated account manager, training, community participation, and many other avenues. Here are just a few of the resources available to you that you might not find at other vendors.

-  **Value experts:** Prove the return on your investment with value engineers who provide ongoing ROI calculations.
-  **Customer advocacy:** Learn from former CFOs and Controllers-turned-Sage product experts who provide brief consultations to guide your success.
-  **Member Masterclass:** Tap into business talks and articles from the world's leading experts.
-  **Buy With Confidence Program.** We guarantee strong levels of service and put money back in your pocket if we fail to meet them.
